Library Times

This sign shows the opening hours of the local public library. It is open for five days each week.

National Curriculum 2014: Years 3 & 4

- Compare durations of events (for example to calculate the time taken by particular events or tasks)
- Read, write and convert time between analogue and digital 12- and 24- hour clocks

Lets start...

- What time does the library open each day?
- What time does it close?
- How long is it open on Mondays?
- Which other day is the library open for the same number of hours?
- I arrive at the library at quarter past 9. How long do I need to wait for the library to open?

Hungry for more?

The librarians need to be at work 45 minutes before opening time. What time do they need to be there each day? How long will they be at work if they leave 20 minutes after closing time?

Still hungry?

The library is planning to close a hour later each day and is having new signs printed. They are changing to 24 hour format. What will the new times be?
